9.00 LATE ITEMS

For information and discussion only (lawful decisions can only be made on items specified on the agenda).

9.01 *The Chairman proposed that the tennis courts be reopened following revised government guidance. The Clerk stated that the matter needed to come to a council meeting for a decision, or, if considered urgent, could be dealt with under delegated powers. RU highlighted that the guidance stated that facilities should reopen only when the organisation felt in a position to do so safely. There was discussion about possible steps to reduce transmission risks to users and the wider public, including leaving nets up. DH stated that if signs were put up the council was covered. Some councillors expressed concerns that rules for use wouldn't be followed and others felt the council should not act as a 'Nanny State'. The Clerk stated that signs had been ordered ahead of any decision to reopen, but would not arrive until next week, her preference was to wait for these. The matter to be dealt with under delegated powers.*

9.02 *TW raised that he was not aware of a staff appraisal having taken place in the last year and didn't know when one had taken place before then.*
